CMBB 2010

2010 International Conference on Cellular, Molecular
Biology, Biophysics and Bioengineering

2010年国际细胞生物学、生物学、生物工程会议

Qiqihar, China, December 25 26, 2010

中国·齐齐哈尔, 2010年12月25日~26日

Website会议网站 : <http://www.isec-edu.hk/cmhb2010/index.htm>

The objective of CMBB 2010 is to provide a forum for researchers, educators, engineers and government officials involved in the general areas of on Bioscience, Biomedicine and Pharmacy. All Accepted Papers will be published by IEEE, Which will be indexed by EI Compendex and ISTP. 会议论文集由美国IEEE出版社前出版, 凡被大会录用的文章都将被EI和ISTP收录。

CMBB 2010 has enter IEEE Conference Search:

[Http://www.ieee.org/conferences_events/index.html](http://www.ieee.org/conferences_events/index.html)

CMBB 2010已进入IEEE会议列表, 查询链接:

http://www.ieee.org/conferences_events/index.html

Conference ID:16457

投稿要求: 中英文稿件均可, 但是中文文章必须要有中英文题目、中英文摘要和中英文参考文献。
(具体模板见附件)

Submission system is open! <http://www.easychair.org/conferences/?conf=cmhb2010>

投稿系统: <http://www.easychair.org/conferences/?conf=cmhb2010>

Submission Date: November 15, 2010

截稿时间: 2010年11月15日

Topics:

Submissions of papers describing original work in, but not limited to, the following topics are enthusiastically encouraged.

- Bioscience
- Zoology and Phytology
- Marine biology
- Biochemistry and Molecular biology
- Cell biology
- Microbiology
- Life science and Inorganic chemistry
- Biochemistry
- Biological model
- Bioinformatics and Biostatistics
- Environment and Food safety
- Biotechnology and mechanics
- Biological effects of electromagnetic radiation
- Biosimulation
- Life system simulation
- Pharmacy
- Pharmaceutical chemistry
- Biological Pharmacy
- Pharmacology
- Science of Chinese phamacology
- Research and development of new medicine
- Health care medicine and Natural medicine
- Physical
- Artificial intelligence
- Biomedicine
- Genetics and Immunology
- Virology
- Genetic engineering
- Cellular, molecular and tissue engineering Biochemical engineering
- Bioengineering
- Bio-signal processing and analysis
- Preventive medicine
- Clinical medicine
- Biomedicine education
- Biomaterial and biomedical optics
- Bioelectrical and neural engineering
- Medical Data Storage and Compression Techniques
- Biomedical robotics and mechanics
- Biomedical devices, sensors, and artificial organs
- Biomedicine in Industry and Society
- Health monitoring systems /Wearable system
- Information Technology and Computational Science algorithms
- Education & Training
- Computer technology and application
